

Lead Integrated Capability Nomination Form

This extensive programme is aimed at people leaders who are moving into roles implementing the strategic agenda, developing future strategic leaders, promoting strategic collaboration and promoting organisational excellence (tier 2-3). This programme includes 5 phases over 6 months with a small cohort of 12 leaders.

Note: The residential phase for this programme involves physical activity components (either **Sailing** or **Caving**) for which participants will need to submit a **medical declaration** as a pre-requisite to being accepted into the programme. Read more about caving requirements on page 5 & 6 of the [2023 Leadership Courses and Programmes flyer](#).

More detail is available on the Leadership Development Centre's website:

Are you a member of Te Pae Turuki, Public Service Leaders Group?

Yes No Don't know

Are you on a Development Board cohort, previously known as Career Board?

Yes No Don't know

Caving: It is important you understand the risks involved and can make a judgement as to whether your physical and medical fitness meets the requirements of caving. Caving has a high physicality requirement that participants should expect and prepare for. Please read all the information on page 5 and 6 of the [2023 Leadership Courses and Programmes flyer](#) so you understand what is involved.

You must have a moderate level of fitness for this programme.

Once accepted onto the programme, you will also be required to:

- obtain a doctor's certificate testifying to your physical and medical suitability for the course.
- have a brief phone consultation with one of the caving instructors to check in on expectations and suitability.

I have read the caving information on page 5 and 6 of the [2023 Leadership Courses and Programmes flyer](#) and understand the physical conditions required to be fulfilled for acceptance into the programme.

I also understand I will also need to obtain a doctor's certificate and have a phone consultation with one of the caving instructors.

Manager details and authorisation

In signing this application, I agree to support the applicant to participate in the programme and that this organisation will pay the full course fee if this application is successful.
