

Aromatawai-Whaiaro Self-Assessment

Purpose

Kia ora

This self-assessment is designed to help you work through the induction. There are six topics to the induction, but you may not need to complete all the topics, based on your previous experience or knowledge. Using this guide, you will be able to work out your best induction experience.

We have included general questions about the topics and links to the learning resources on the Public Service Core Learning Hub. You might also like to talk to your human resources team about how your organisation's induction aligns with this induction.
