

# New Zealand Harkness Fellowship Application

New Zealand Harkness Fellowships are for high potential senior leaders in the New Zealand public sector in any field of study or vocation (excluding health care policy and practice) to study or research in the United States (US) for between 3-6 months.

Up to two New Zealand Harkness Fellowships worth up to NZ\$60,000 will be offered in 2026 (for travel in mid-late 2026), to people who are currently employed in the New Zealand public sector. The length and total value of the Fellowship will be determined by the Leadership Development Centre and the New Zealand Harkness Fellowship Trust, in conjunction with the successful applicants.

## Eligibility

To be eligible, you must:

- be a New Zealand citizen who is currently residing in New Zealand
- be a high potential senior leader in the New Zealand public sector
- have an interest in learning from your experience in the US and be capable of putting to effect in NZ, relevant lessons learned
- be endorsed by your chief executive to be a high-potential and influential leader.

The Fellowship is not intended for post-graduate or academic research.
